Rules

Each hole will start with (two) Foursomes on their hole and will play the entire round of golf together. Please flip a tee or coin to determine 1st team and they will hit their 4 shots, followed by the other team. Move down the hole to your best ball and play 2nd shot from there. Please stay safe from other teams shot but please play ready golf as to not slow the timing down.

The format of the tournament will be Best ball format. Where by all players hit their ball and you choose the best ball to play your next shot from.

Each team's captain will keep score for the other team during the round of golf. Please ensure the captains confirm score after each hole so there is not issues. The scoring captain's sheet will be the final decision.

Each team will have to use (3) drives from each team member during the round of golf. This should be marked off on the scorecard with an x and the score tallied at the bottom of the card.

Yellow ball must be rotated through your team with a different player playing the ball for the entire hole. (No going in back yards to retrieve your ball) there will be a prize at the end of the round by random draw.

No mulligans allowed

Have some fun and no cheating, if someone is going to win at -22, make it legit.
