

March 13, 2020

Dear Friends,

The Airdrie Oilmen's Association are closely monitoring the Covid-19 Pandemic.

An announcement was recently communicated by the Alberta Government calling for immediate cancellation of all public gatherings exceeding 250 people.

As a matter of Public Safety, the AOA Executive Committee have made the decision to postpone our White Collar Boxing VI event that was scheduled to be held on Thursday March 26<sup>th</sup> at the Palace Theater. This postponement also applies to the Pre-Event Weigh-In scheduled March 25<sup>th</sup> at Local 522.

Our participants have been training extremely hard for this event since the beginning of January and were very excited to perform in front of the capacity crowd. After discussing the current pandemic with our competitors, we have been advised that the group has elected to continue with their training for the next couple of months to prepare to put on an even better show on our **NEW DATE of June 11<sup>th</sup>, 2020**.

**All tickets and tables for White Collar Boxing VI will be honored for the rescheduled date.**

We are optimistic that the global crisis will improve within these next couple of months and that we will be able to proceed with the event at this time. We will continue to monitor and advise of any further changes, as well as keep you informed on the other remaining AOA events through 2020 as more information becomes available. (Bikes & Bulls – Rumble on the Runway, Charity Golf Classic, and Carnivore Night)

We apologize for any inconvenience this has caused and we hope to be getting back to normal operations as soon as possible.

If you have any questions or concerns, please contact our AOA Executive members by email:
